

Healing

Lesson 1

God’s Will is Health and Healing

Two Goals:

1. Create an environment of healing for those who need it.
2. Prepare students to minister these truths to others.

Jesus never taught healing. He preached the kingdom and demonstrated the kingdom.

- Healing is a part of the Kingdom.

 [Luke 4:18](#)

 [Luke 9:11](#) And the people, when they knew it, followed him: and he received them, and spake unto them of the kingdom of God, and healed them that had need of healing.

- Healing should follow the gospel
